

**Your inquiry concerning "Ship Recycling" for Endress+Hauser**

Dear valued customer

Thank you for your inquiry regarding the EU-Regulation No 1257/2013 on ship recycling and amending Regulation (EC) No 1013/2006 and Directive 2009/16/E which requires suppliers of any equipment for ships to identify and declare the presence of a hazardous material (HM) via a formal material declaration.

We have reviewed all our standard products and made a corresponding material declaration (see attachment to this letter).

We trust that this letter will answer your questions. Should you require any further information, please contact your local Endress+Hauser Sales Office (see [www.endress.com](http://www.endress.com) for contact information).

With kind regards
